Our Story
The Fargo Public Schools Development Foundation was established in 2000 and has been committed to supporting the following programs and projects:

**Innovative Education & Literacy Grants** – Great teachers help students become great. Research shows that an inspiring teacher is the most important school related factor influencing student achievement. Innovative education and literacy grants are available to provide classroom resources for innovative educational and literacy projects not funded by district, state, or federal monies.

**Scholarships** – The Foundation administers scholarships on behalf of community businesses, families and organizations. Scholarships are made available through annual donations and investment income from endowed funds. Scholarships are established by people just like you, who wish to honor loved ones or to recognize someone who has made a difference in their lives.

**Fargo Area Dollars for Scholars** – Awards an average of 50 scholarships annually to deserving graduates of Fargo South, Fargo North, Davies, Woodrow Wilson, Oak Grove, and Shanley high schools.

**Adopt-A-School Program** – Connects volunteer business partners with schools to assist with reading and after-school programs, tutoring, mentoring, community service projects, and other meaningful educational activities.

**Critical Needs Program** – The Critical Needs Program is organized by the Foundation to ensure that each and every student who needs help with basic needs receives support. When basic or critical needs such as appropriate clothing for inclement weather, school supplies, meals, health related needs, snack and milk break are not met, students struggle to learn and receive a valuable education.

**Alumni Network** – Provides a variety of ways for alumni to stay connected to Fargo Public Schools by maintaining a database of alumni; assisting with class reunions; hosting an alumni website; and publishing an alumni newsletter.

**Trollwood** – Acts as the fiscal host for Trollwood Performing Arts School.

**Special Fundraising Projects** – Provides support by tracking donations to newly established programs and other special projects that coincide with our mission to provide Fargo Public School students with enriched and enhanced educational opportunities.

**Seeds For Hope, Walk Into My Future Event** – The Foundation supports the Seeds For Hope Walk Into My Future event which connects K-5 youth to local post-secondary institutions, career discovery, and campus exploration.
Our Impact
Engaging the community and fostering opportunity; two statements that embody what the Fargo Public Schools Development Foundation is about. Thanks to our donors, community partners, and the dedication of the Fargo Public School District we are able to help students take full advantage of one of the best educations in the region. The Fargo Public Schools Development Foundation works to secure a variety of resources to enrich and enhance the quality of education provided by Fargo Public Schools that would otherwise not be possible through regular education funding. The Foundation is supported with tax-deductible annual and endowment gifts from alumni, businesses, service clubs, parents, current and former school district staff, and the Fargo community. We manage assets in excess of $3.3 million and annually distribute more than $500,000 to support Fargo Public Schools students, programs, and teachers.

Our Network
The Foundation networks with our Board, Fargo Public Schools students, teachers, staff and administration, Fargo Public School’s alumni, businesses, and the greater Fargo community.

**Our Mission**
Our mission is to partner with Fargo Public Schools, their alumni, and the greater community to enhance and enrich learning experiences to maximize student potential.

**Our Vision**
Our vision is to increase opportunities for all students by building a network of individuals and organizations, which provides resources and support beyond regular educational funding. Donors make a difference in the preparation of all students as they confidently enter the future prepared to compete in an ever-changing world.

**Our Values**
The Fargo Public Schools Development Foundation believes in enhancing learning through innovative practices that support positive outcomes for all students. In our pursuit of excellence, we value life-long learning, collaboration, and empowerment.

The FPS Development Foundation Strategic Plan will serve as a compass to maintain the priorities, goals, and achievements of the organization. Engaging community stakeholders about what is the most comprehensive approach to providing quality experiences for the clients we serve is essential to understanding what is critical to the community. This plan responds to growth and opportunity, sustainability of programs, and community needs. In August of each year, the plan will be reviewed by the administrative leadership team and presented to the Board of Directors to consider adjustments to the plan.

This strategic plan was facilitated and procured in collaboration with the strategic planning committee and by Dr. Jeffry M. Schatz.
